

S. No.	Name of Ph.D. Scholar	Enrollment No.	Date of DRC	Title of Thesis	Name of Supervisor	Name of Co-Supervisor (Optional)
1.	Mr. Abhishek Dixit	20LSC6LSC1101	05.07.2021	Validated LC-MS/MS methods with dried blood spot technique for drug acting as kinase inhibitors and its application to pharmacokinetic study	Prof. (Dr.) Arunava Das	
2.	Mr. Lavkush Patel	21LSC6LSC1004	30.12.2021	Development of mineral solubilizing rhizospheric bacterial Consortium from Nimar region for the growth promotion of <i>Capsicum annuum</i> L	Dr. Shekhar Jain	
3.	Mr. Abhishek Singh Rajawat	21LSC6LSC1101	26/11/2022	Isolation Virulence determination, molecular characterization, drug susceptibility and phylogenetic studies of <i>Clostridium perefrensis</i> type A from poultry	Dr. Shekhar Jain	
4.	Mr. Sunil Hadke	22LSC6LSC1001	09/09/2023	Study of Microbial Mediated Biotransformation of Secondary Metabolites from ' <i>Moringa oleifera</i> ' and Deciphering their Biological Roles/Activities.	Dr. Ruchi Gupta	
5.	Mr. Gaurav Kumar	23LSC6LSC1001	20/01/2024	Assessing Release of Ocular Drug Delivery System for an Anti- Glaucoma Drug	Dr. Ruchi Gupta	
6.	Mr. Kundan Mali	PU01724EPR00025	28/9/2024	Identification, characterization and virulence study of antibiotic-resistant <i>Clostridium perfringens</i> isolated from cattle	Prof. (Dr.) Arunava Das	
7.	Mrs. Cheena Minda	PU01724EPR00024	28/9/2024	Identification, characterization and study of antibacterial activity of bacteriocin isolated from <i>Lactobacillus plantarum</i> from dairy products	Prof. (Dr.) Arunava Das
