## FROM THE DESK OF HOD

### DR. HARISH PATIDAR

Head of the Department

Dear Students, Welcome to another edition of our monthly newsletter!

This month, let's focus on key elements crucial for your success as future computer science engineers. Firstly, prioritize skill development beyond your curriculum. Explore new technologies, languages, and frameworks through workshops, hackathons, and coding competitions to sharpen your problem-solving abilities. Secondly, don't underestimate the importance of personality development. Project confidence through body language and articulate communication. Strong personalities not only impress but also prepare you for leadership roles. Remember, the CSE department is dedicated to supporting you. Utilize available resources, seek guidance from faculty, and actively participate in departmental activities. Wishing you the best in your academic pursuits!

Sincerely,  
Head of the Department, CSE
